the stone nest

a sculptural orthopedic dog bed. designed in Nashville, made in Poland.

WHAT IT IS

Shaped for the way a dog sleeps, and for the room you both live in. Most dog beds take something from a room. This one adds to it. It goes where furniture goes, and it stays there when guests arrive.

MADE THE WAY FURNITURE IS MADE

- **Core**: high-resilience orthopedic foam cut from block foam, four inches thick. Springs back instead of sinking, so it's easier on older joints, and it keeps its shape.
- **Liner**: waterproof, fitted between the cover and the foam.
- **Cover**: performance linen weave, 95% polyester / 5% linen, with a water-repellent finish. Woven in Europe and rated for commercial upholstery. Tight and flat rather than looped, so claws don't snag it. Unzips and is machine washable.
- **Edge**: rounded by hand, so there's no hard corner anywhere on it. Suede-like anti-slip base in the cover's color.

Every bed comes with a cover and a liner. Both come off and wash, and both can be bought again on their own, so the bed is built for years, not seasons.

MADE

Designed in Nashville, made in Poland by people who have made upholstered furniture for generations. Each core is cut to its outline with the rounded edge built up by hand, and each cover is sewn to fit it. Design patent pending.

SHIPPING AND WARRANTY

Ships within two days from Tennessee, two to five days in transit. Free shipping on orders of $200 and up. Order by December 15 for delivery before Christmas. The cover and liner carry a 12-month limited warranty.

the stone nest in oat, 03 nori
